UX Techniques: Wireframing, Prototyping, User Flow Mapping, Usability Testing, Information Architecture, Responsive Design, Visual Hierarchy

Front-End: HTML5, CSS3, JavaScript, Bootstrap, PHP, Python

Productivity: MS Word, Excel, PowerPoint, CapCut, Visual Studio Code

Soft Skills: Critical Thinking, Teamwork, Problem-Solving, Creativity, Attention to Detail

PROFESSIONAL EXPERIENCE

UI/UX Designer

Jan 2026 – Present

Techsthete | Lahore, Pakistan

- Design user interfaces and interactive prototypes using Figma for web and mobile applications.
- Conduct usability testing and iterate on designs based on user feedback and data insights.
- Collaborate with cross-functional teams to deliver pixel-perfect, responsive UI components.
- Apply design system principles to maintain visual consistency across all product interfaces.
- Produce wireframes, user flow diagrams, and high-fidelity mockups for client presentations.

Video Editor & Content Designer

Sep 2025 – Jan 2026

EAS Accounting Software | Lahore, Pakistan

- Edited promotional and tutorial video content for software product marketing campaigns.
- Designed visual assets, thumbnails, and motion graphics to support digital marketing efforts.
- Coordinated with the product team to ensure brand consistency across all creative materials.

KEY PROJECTS

- EAS Tailor Management System Dashboard:** Designed a complete UI/UX dashboard for a groom shop management system, focusing on efficient workflow, clean layout, and improved usability for staff operations using Figma.
- Learning Platform (Final Year Project):** Developed UI for a full-featured e-learning platform with secure login, course enrollment, progress tracking, and an Admin Dashboard for managing courses and students.
- Gift Shop E-Commerce Website UI:** Designed a complete e-commerce website featuring user-friendly navigation, product browsing, warm visual tones, and a clean, modern layout.
- Social Media Mobile App UI:** Created key screens (profile, explore, feed) for a mobile app with a strong emphasis on content-driven UX and clean visual hierarchy.
- Product Packaging Interactive Prototype:** Built an interactive Figma prototype for ice cream packaging, showcasing the user's choice journey through multiple product variants.
- Collaborative Landing Page Design:** Developed a landing page illustrating a multi-step design process with clear visual metaphors and strong calls-to-action.
